Technology Professional Development Plan

2017-2018

The following technology professional development sessions will be offered in Braxton County Schools for the 2017-2018 school year. All teachers are invited to the training sessions. Those that attend will receive a \$25 an hour stipend. While sessions have been divided up based on standards and programmatic interest. Teachers can attend any session. All sessions will be held at the BOE unless otherwise announced.

Session Title	Session Description	Targeted Participates	Date/Time/Location
<i>State Standards and Technology Skills Progressions K-2</i>	This is a standards-driven training. Educators that attend this session will leave with a clear understanding of what is expected of students in grades K-2. The training is geared toward each grade level having a focus as well as understanding what skills, vocabulary and activities should be completed in each grade over the course of the year.	Teachers in grades K-2	November 7 4:30 to 5:30 School Board Office Stipend \$25 an hour
<i>State Standards and Technology Skills Progressions 3-5</i>	This is a standards-driven training. Educators that attend this session will leave with a clear understanding of what is expected of students in grades 3-5. The training is geared toward each grade level having a focus as well as understanding	Teachers in grades 3-5	November 14 4:30 to 5:30 School Board Office Stipend \$25 an hour
